

Remediation NZ Hearing

Minute #1

Close of Hearing

The hearing was adjourned at the completion of the last hearing day on Thursday 25 March 2021 pending receipt of closing submissions from Counsel on behalf of Remediation NZ.

The closing submissions were received on 6 April 2021.

After receiving closing submissions the Hearing Panel considered the information that it has, and after some deliberation determined that it has enough information to make a decision.

On that basis, we declare the hearing closed as of 5pm today, Wednesday 28 April 2021.

Decision Timeframe

The Resource Management Act requires that we issue the decision within 15 working days, though that can be extended if certain conditions are met. It is our intention to issue the decision within that timeframe, i.e. by 19 May 2021.

Michael Joyce

Hearing Panel Chair
