

Guidelines for Earthworks in the Taranaki Region

July 2021

The Taranaki Regional Council's guidelines are currently under review. Until the review is completed, please refer to the relevant Waikato Regional Council guidelines, which also apply in Taranaki:

[Erosion & Sediment Control – Guidelines for Soil Disturbing Activities](#)

Updates:

[Sediment Retention Pond](#)

[Silt Fence](#)

[Decanting Earth Bund](#)

Hay bale barriers (Guidelines Section 3.4) are no longer considered suitable control devices
