To whom it may concern,

I want to let you know of my support for the idea of rebuilding New Plymouth's main rugby stadium, Yarrow Stadium, on the grounds where the New Plymouth Raceway is currently standing.

If the New Plymouth Raceway races were moved to the Te Kapua Park Race Course in Stratford it would open the opportunity to transform Pukekura Raceway into a fantastic multisport complex.

This complex could have a main modern stadium centrepiece with a capacity of around 25,000 that has a roof, maybe retractable if it is within reach of budget, and then various fields and courts surrounding it to support grassroots and some more social tournaments of Rugby, Football (Soccer), Hockey, Netball, Tennis and other sports played in New Plymouth and Taranaki.

The New Plymouth Community would benefit hugely from an all in one sports multiplex in a centralised location. There is the option of eventually building a High Performance NZ base with so many sports grounds in one place and room to develop more such as indoor squash, badminton and a full sized pool. By having so many people at one location there are opportunities for businesses to set up food stalls and trucks, even a marketplace on weekends. This would add to the economy in Taranaki along with more events for everyone to enjoy.

The Pukekura Raceway and existing buildings are on a huge amount of area that we as a community do not benefit enough from, this would help fix that enormously by having a world class stadium for a city of our size that can host multiple sports and events, grassroots sports fields and courts, and a park for people/dogs to play in with the option of weekend markets hosted in a prime area. The stadium being built here will be distanced from residents so they will not be disturbed by the noise of sports and events going on at night which is a big bonus. There will also be room for parking to support the stadium and community sports which would be a large improvement on where Yarrow Stadium is located now.

With Yarrow Stadium needing at least both stands repaired to even return it back to a working state, we should be using this as the spark to look to the future and start building and growing a sporting and community area that is going to be New Zealand leading for decades to come. We should create a multisport hub for the New Plymouth and wider Taranaki community to use that we can be proud of as the city and region grow.

To help fund this endeavour you could sell the Yarrow Stadium area to developers for sub-division as it is in a great area, also the various other community sports grounds such as the Netball courts beside the Waiwhakaiho River could be sold. You could look to some of the larger businesses in Taranaki such as TSB, Todd energy, Fonterra, etc. for sponsorship of the stadium and smaller businesses for the infrastructure of the surrounding sports grounds. The Government, NZRU, and other sports bodies could be approached for funding as this would be a massive boost for grassroots sports in our region that would boost NZ as a whole.

In short this would be an incredible project for Taranaki and New Plymouth to undertake that could be completed over the years, all starting with a modern stadium.

Thank you

To whom it may concern,

I want to let you know of my support for the idea of rebuilding New Plymouth's main rugby stadium, Yarrow Stadium, on the grounds where the New Plymouth Race Course is currently standing.

If the New Plymouth Race Course events were moved to either Te Kapua Park Race Course in Stratford or the Hawera Race Course, it would open the opportunity to transform the New Plymouth Race Course into a fantastic multisport complex while also giving more racing events to either Stratford or Hawera.

This complex could have a main modern stadium centrepiece with a capacity of around 15,000 that can be expanded to over 20,000 for larger events that could host all Football codes and if possible Cricket, and then various fields and courts surrounding it to support grassroots and some social tournaments of Rugby, Football (Soccer), Hockey, Netball, Cricket, Tennis and many other sports played in New Plymouth and Taranaki.

The New Plymouth Community would benefit hugely from an all in one sports multiplex in a centralised location. There is the option of creating a High-Performance Sports NZ base with so many sports grounds in one place and room to develop more such as indoor squash, badminton, and a full-sized pool. This would all be across the road from WITT which would be able to develop courses for the various sports.

By having so many people in one location there are opportunities for businesses to set up food stalls and trucks, even a marketplace on weekends. This would add to the economy in Taranaki along with events for everyone to enjoy.

The New Plymouth Raceway and existing buildings are on a huge amount of land that we as a community do not benefit enough from, this would help fix that enormously by having a world class stadium for a city of our size that can host multiple sports and events, grassroots sports fields and courts, and a park for people/dogs to play in with the option of weekend markets hosted in a prime area. The stadium being built here will be distanced from residents so they will not be disturbed by the noise of sports and events going on at night which is a big bonus. There will also be room for parking to support the stadium and community sports which would be a large improvement on where Yarrow Stadium is located now.

With Yarrow Stadium needing at least both stands repaired to return it back to a fully working state and this costing \$55m and not being much of a gain for New Plymouth, I think that we should consider fixing just one of the stands for a lower price so the TRFU can play games out of Yarrow's temporarily while the new stadium could be being built to help keep costs down and to not bankrupt the TRFU. With most sports then sharing one base the costs of running the amenities and maintaining the grounds will work out much cheaper than individual locations and because the various sports can pool resources, they have the option of getting more expensive things for the enjoyment of the community.

To help fund this endeavour you could sell some, or all, of the Yarrow Stadium grounds to developers for sub-division as it is in a great area, also the various other community sports grounds such as the Netball courts beside the Waiwhakaiho River could be sold. You could charge a small fee for parking at the multi-sports hub when it is finished. Some of the larger businesses in Taranaki such as TSB, Todd energy, Fonterra, etc. could be approached for sponsorship of the stadium and smaller businesses for the infrastructure of the surrounding sports grounds. The Government, NZRU, and

other sports bodies could be approached for funding as this would be a massive boost for grassroots sports in our region that would boost NZ as a whole.

This image was created in support of the multisport complex idea by a member of the community. It gives a good idea of how the sports fields and facilities can fit in this area.

In short this would be an incredible project for Taranaki and New Plymouth to undertake that could be completed over the years as an ongoing project.

Thank you.

To whom it may concern,

I want to let you know of my support for the idea of rebuilding New Plymouth's main rugby stadium, Yarrow Stadium, on the grounds where the New Plymouth Raceway is currently standing.

If the New Plymouth Raceway races were moved to the Te Kapua Park Race Course in Stratford it would open the opportunity to transform Pukekura Raceway into a fantastic multisport complex.

This complex could have a main modern stadium centrepiece with a capacity of around 25,000 that has a roof, maybe retractable if it is within reach of budget, and then various fields and courts surrounding it to support grassroots and some more social tournaments of Rugby, Football (Soccer), Hockey, Netball, Tennis and other sports played in New Plymouth and Taranaki.

The New Plymouth Community would benefit hugely from an all in one sports multiplex in a centralised location. There is the option of eventually building a High Performance NZ base with so many sports grounds in one place and room to develop more such as indoor squash, badminton and a full sized pool. By having so many people at one location there are opportunities for businesses to set up food stalls and trucks, even a marketplace on weekends. This would add to the economy in Taranaki along with more events for everyone to enjoy.

The Pukekura Raceway and existing buildings are on a huge amount of area that we as a community do not benefit enough from, this would help fix that enormously by having a world class stadium for a city of our size that can host multiple sports and events, grassroots sports fields and courts, and a park for people/dogs to play in with the option of weekend markets hosted in a prime area. The stadium being built here will be distanced from residents so they will not be disturbed by the noise of sports and events going on at night which is a big bonus. There will also be room for parking to support the stadium and community sports which would be a large improvement on where Yarrow Stadium is located now.

With Yarrow Stadium needing at least both stands repaired to even return it back to a working state, we should be using this as the spark to look to the future and start building and growing a sporting and community area that is going to be New Zealand leading for decades to come. We should create a multisport hub for the New Plymouth and wider Taranaki community to use that we can be proud of as the city and region grow.

Ordinary Meeting to hear submissions on the 2019/2020 Plan - List of Submissions received (526) and scanned copies  
To help fund this endeavour you could sell the Yarrow Stadium area to developers for sub-division as it is in a great area, also the various other community sports grounds such as the Netball courts beside the Waiwhakaiho River could be sold. You could look to some of the larger businesses in Taranaki such as TSB, Todd energy, Fonterra, etc. for sponsorship of the stadium and smaller businesses for the infrastructure of the surrounding sports grounds. The Government, NZRU, and other sports bodies could be approached for funding as this would be a massive boost for grassroots sports in our region that would boost NZ as a whole.

In short this would be an incredible project for Taranaki and New Plymouth to undertake that could be completed over the years, all starting with a modern stadium.

Thank you

## Kay McAlpine

No

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?**

2: Repair stands and update facilities

**Comment (field will expand as required)**

I believe insufficient emphasis has been made on the following items - which may result in further capital costs in the near future (irrespective of option).

These items may also have affected option choice if they were properly rationalised as part of the investigations.

1. Traffic and parking impact - may affect design of stadium
2. Stadium Evacuation Procedure - may affect design of stadium
3. Response to terrorist/fire/earthquake/volcano/disaster - may affect design of stadium
4. Each option should have a Traffic Management Plan for events
5. Generally, parking should be considered e.g. has any thought gone into a park-and-ride system with a turn-around spot for buses?
6. Future-proof your stadium design - check with Government on forthcoming legislation or ideologies – so as to ensure that future stadium evacuations, or traffic plans are allowed for in current design
7. If you do put effort into traffic/parking etc. - consider consulting with (example) Everton or Liverpool football clubs – who have stadia in housing areas - and likely have robust procedures and policies
8. If you do put effort into a park-and-ride system - consider consulting with golf's The Open event organisers.

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?**

1: Demolish both stands, replace them with grassed banks

**Comment (field will expand as required)**

Create a playing surface that will suit the requirements of International cricket as well as winter codes. Sports all year round. Grass banks for viewing the matches are a great family occasion, imagine Yarrow Oval, just like Hagley Oval or University Oval. Include a cricket pavilion in the renovation.

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?**

4: Repair stands with extra seating & additional community facilities

**Comment (field will expand as required)**

It has been a sad 2018 for Taranaki sport all due to the stadium-woes. However, the TRC has an opportunity to get Yarrow Stadium back to how we all knew it, with some expansion.

Option 4 is an ideal idea and will ensure that the character of the stadium isn't compromised, but at the same time expands the facility to make it even better. While Option 2 would be my second option, #4 is a perfect replacement to expand the facility.

We cannot lose sight about what Yarrow Stadium brings to the region. Option 1 is a massive step backwards for a province which feeds off being given All Black fixtures and other major events higher than provincial level. #1, is the cheapest option, but not appropriate for what our region aims to achieve in the sporting world. Option 4 would ensure that it is still possible to achieve that, while also accommodating to the market outside of sport with expanded areas behind the East Stand. I understand that extra funding would be required for Option 4, hence why I could settle with Option 2 that won't compromise the stadium.

Yarrow Stadium was named in the top three of the best rugby stadium's in the country, so lets not forget what it was like. We have an opportunity to have a say and an opportunity to make Yarrow Stadium brilliant again!

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?**

1: Demolish both stands, replace them with grassed banks

**Comment (field will expand as required)**

there is no option for removal without replacement.

South Taranaki council are being asked to support this, but here in Manaia they have closed our sports facility and it will not reopen, that was used by our locals and kids who will not travel to New Plymouth but you want us to pay for your facility. Yarrows stadium is used by professional sports groups like NZRFU etc, they are million dollar businesses, they have million dollar sponsors, They should be good enough businessmen and women to fund there own sports with out coming to towns 100km away to get money from everyone probably more than 50% will not use, If they cannot manage to manage there funds they should never be in a position where they manage finance at all. Users should pay same as Len Lye gallery, What they worry about is if prices go up they know attendances will fall, which should be an indication that even those who use the stadium are not so committed as to pay more , but will attend if it is subsidised by others. Unemployed people, pensioners . low income workers, can not afford to travel to make use of the stadium, even if they had an interest in what goes on there, so they are asking us to subsidise those who do use it and can afford at present rates to use it. This should never have even been considered. Vote NO

we have as ratepayers already paid in the way of our rates many times for this white elephant now you want to on top of what we are paying to fix the disgusting work that has been done , the millions that were spent not years ago upgrading kitchens etc just before oh Dear we are not earth quake proof . that have not been used??? / . that upgrade should not have been done till the earthquake test was carried out . this whole stadium has been a disaster from day one .. with the rebuild the cyclists had to go [ good on them they built there own set up . we would have crickets there / oh dear its too small for cricket . A multi sports stadium yea right it for Rugby let the rugby union build it not the ratepayers .After all the rugby is what is was built for .

**Comment (field will expand as required)**

I do not follow rugby or cricket or bike racing there or other sports that need help here .. Road being closed for Motorsport are horrendous cost to council, we need a motor racing track here

AS a pensioner where do i find the extra money to pay for this

in a few years it will need more money spent on it and here we go again , its needs not wants . but of course you have already made up your mind and this is only lip service to say we have consulted with the community .

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 8: New Stadium with roof

**Comment (field will expand as required)** Lets think of the future and be prepared to expand. Attract more International Rugby games. Perhaps cricket. More sport events. The north exit of the city had out grown it's self before it was completed so lets not do the same here with the stadium. Yes it is a lot of money. At \$271,000,000 now but in 10 years it will be double that. Think for the future. Not just now.

I ask whether the option of selling Yarrow Stadium (redevelop into residential), move New Plymouth RC to Egmont RC (Hawera) and creating a new multisport facility at the NP Racecourse has been considered.  
Such a project would:

**Comment (field will expand as required)**

1. Provide funding towards the project from the sale of Yarrow Stadium.
2. Create more much needed residential land for NPDC.
3. Solve Egmont racetrack pending closure.
4. Create a sports complex with ample joint facilities and parking and cater for big rugby and cricket events as well as other sports.

**What is your preferred option for the future of Yarrow Stadium?** 2: Repair stands and update facilities

**Comment (field will expand as required)**

This proposed (targeted) rates rise is looming at a time when more demands are about to be made on ratepayers, one of which is an increase in waste disposal charges. Our council and mayor have held the rate increase this year to 3.8%, citing, amongst other things, families under financial stress. That is appreciated. I won't quote facts and figures - others have that information. PLEASE consider those in the community who are older and/or on a fixed income. Regional and District Councils have a responsibility always to the folks who pay them. Thankyou

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 2: Repair stands and update facilities

**Comment (field will expand as required)** Non of the above. You say there's no material damage so what are we fixing for \$55 million dollars?  
Demolish the East Stand and have a grass embankment No material damage to the Western Stand so what's to fix. Cover the rest of the terraces. and up grade the seating.  
You now have a ground that keeps people protected from the weather  
and the ground would be ideal for International cricket.

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 2: Repair stands and update facilities

**Comment (field will expand as required)**

The TRC's support for Option 2 involves a major leap of faith because the BERL report does not analyse the past use and does not even attempt to quantify future use of the stadium.

It states:

"In future, Taranaki can expect that the Present Value to them of the future stream of value shall be considerably larger than that estimated at \$100 million for 2003 to 2017, because the repaired Yarrow Stadium will last considerably longer than 15 years, and will provide a higher level of service and amenities in future than in the past. "

I would have thought it would be important to summarise the past use in terms of types of use and the numbers attending, and show not averages but actual, so it will be obvious if interest is declining, and possibly discuss the reasons why.

Also, what is the potential for an increased range of uses, such as perhaps cricket and concerts

Rugby is held up to be the anchor pin. I believe that major rugby fixtures held here have declined in frequency, as have the attendances. BERL does note however that the benefits of the stadium cannot be monetised and concludes:

"It would significantly compromise New Plymouth's and Taranaki's attraction to people and businesses if Yarrow Stadium was not repaired or replaced."

I am not anti-stadium and I realise it is a difficult financial choice for the region.

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 1: Demolish both stands, replace them with grassed banks

**Comment (field will expand as required)**

I have chosen option 1 simply because of cost. We suffer a staggering year on year cost of rate increases everywhere in Taranaki. If I am lucky my annual cost of living pay increase (not rise I might add, just what is supposed to cover the cost of living) may cover part of the local rate increase. This is the same for most people in Taranaki. The rates increases for any other proposals are unbelievable. Each amount is greater than gross pay increase I have had in total over the last 3 years. Why should I, and all other rate payers, be massively out of pocket to pay for any of the other options for a town that I don't live in, for a stadium I have never visited in countless years. In no circumstances at all should there be any concessions made for corporate facilities. I have seen the impact the ever growing use of these at other venues, and it just drives away genuine fans.

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 1: Demolish both stands, replace them with grassed banks

**Comment (field will expand as required)** Hi, I WISH FOR NONE OF The ABOVE  
Demolish the western stand , Make the field larger for cricket .  
All sports must be played at the new venue .  
I strongly object to a rugby only stadium most of the players dont come from Taranaki they follow a money trail around NZ  
Also how was the figure 55 million reached and by whom  
THE STADIUM is a dead duck no children play their no netball no cycling no nothing . thankyou

**I wish to present my submission personally at a hearing scheduled for 13-14 May.** No

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 4: Repair stands with extra seating & additional community facilities

**Comment (field will expand as required)** While all the options except option 1 costing \$6 million are extremely expensive, We feel that option 4 costing \$69 million is the most sensible and cost effective option if TRC can find a funding partner.  
While a covered stadium is nice to have, it is totally unaffordable for Taranaki and I would not like to see such a burden on the ratepayers, as we all know how estimates can blow out to cost far more.

**Local Government Funding Agency Scheme**

**I wish to present my submission personally at a hearing scheduled for 13-14 May.** No

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 1: Demolish both stands, replace them with grassed banks

**Comment (field will expand as required)**

All the above options are of the same theme. "Status Quo" or improve. The stadium was redeveloped not so many years ago as a multi sport venue, but after the money was spent it was "discovered" that the field dimensions ruled out all but Rugby, the only sport played on the field just 5 times last year and the year before.  
Why was there not an option to lighten the buildings so the foundations could support the stands. The western stand have it roof removed. The Eastern stand have it roof and perhaps legends lounge removed. Supply everyone a yellow and black poncho from recycled bale wrap.  
To allocate \$55m to Rugby that is a declining sport is misguided. How much is the council going to allocate to sports on the rise?

**Local Government Funding Agency Scheme**

# SUBMISSION

---

**To:** TARANAKI REGIONAL COUNCIL  
**From:** TARANAKI FEDERATED FARMERS  
**Submission on:** Annual Plan 2019: Yarrow Stadium  
**Date:** 27 March 2019

**Contacts:**

Dr Lisa Brewer  
Regional Policy Advisor  
Federated Farmers of New Zealand  
PO Box 422  
NEW PLYMOUTH 4340  
P: 06 757 3425  
M: 021 627936  
E: lbrewer@fedfarm.org.nz

Taranaki Federated Farmers appreciates the opportunity to submit on the draft Annual Plan. As the consultation this year is a narrow one, we will keep this submission short and sweet.

Usually, we are deeply wary at the prospect of Councils taking on large debt and signing ratepayers up for repayments over decades. We also ask ourselves whether farmers from out of town can realistically benefit from some city-based events and tourism infrastructure.

In this case, we respect that the Council has chosen the most modest option, short of removing the stands and reverting back to terraces; we note that the preferred option has a good cost-benefit. We also appreciate that the cost to ratepayers in different parts of the district has been based on an independent analysis of the benefits to people living in those districts. Another factor is that the cost is a fixed one per ratepayer and that the land-value component has been removed from the calculation for North Taranaki ratepayers.

For these reasons, we support the Council's preferred option (Option 2) for the rebuild and minor upgrades to the Yarrow Stadium. We also support the proposal to take part in the Local Government Funding Agency Scheme, to reduce borrowing costs.

*About Federated Farmers*

About Federated Farmers: we are a not-for-profit primary sector policy and advocacy organisation that represents the majority of farming businesses in New Zealand. Federated Farmers has a long and proud history of representing the interests of New Zealand's farmers. The Federation aims to add value to its members' farming businesses. Our key strategic outcomes include the need for New Zealand to provide an economic and social environment within which:

- Our members may operate their business in a fair and flexible commercial environment;
- Our members' families and their staff have access to services essential to the needs of the rural community; and
- Our members adopt responsible management and environmental practices.

***Thank you***

Document No of Reply:

MR DAVID MCLEOD  
CHAIRMAN  
TARANAKI REGIONAL COUNCIL (TRC)  
DEAR SIR,

many thanks for giving us people of Taranaki the  
choice and opportunity to choose from the 8 options  
given for Taranaki Stadium and its future

As an ex rugby player I've played on all four grounds  
which was known as Rugby Park. While playing junior grade  
rugby which is equivalent to senior second division  
grade rugby nowadays for six years I also played for the  
Te Atiawa Senior Māori Rugby Team as lock, plus being lucky  
enough to play in the major rugby trials which were always  
held at Otamauni, but never got the chance to represent  
our province in rugby.

Now for my optional choice. It took me some time to look  
at all the 8 options given before finally making my choice  
which is option number 3, in which I've put into this  
letter. Should either optional 2 or 3 is chosen work  
must start immediately as the quicker it can get started  
the quicker Taranaki Stadium can be available.

Our stadium must now be available for all representative  
and international rugby which also includes rugby league  
and soccer representing both men and women in all  
three sporting codes. It is a great shame that our stadium  
isn't big enough to have all international cricket tests  
so add twenty/20 in which it should of been in the  
very first place, as were literally missing out on some  
big international cricket while us Taranaki shouldn't  
have to travel outside our province, to see international  
cricket both men and women.

Once our stadium is nearly completed and owners in  
charge of getting international rugby, rugby league and soccer

actually have into Taranaki, they must then contact these sporting organisations mentioned before telling them that Yarrow Stadium is now finished and available to use our now upgraded sporting venue while we remember now rugby and rugby league is played in the winter while soccer which is the top level of this sporting code is now played in the summertime

So I do hope this letter will help you and your council to really think about what I've said. We have no problems with accommodating all these top international sporting teams at all as well we all do know that now it's up to the public relations person who's in charge of getting international sport back into Taranaki

I hope this letter finds you, your regional committee members, everyone's families, in love and relations all in good health.

Yours faithfully,

Tom Stephens  
94 Havelock Street  
New Plymouth.

## YOUR VIEW (S)ADVICE

What is your preferred option for the future of Tarrow Stadium?

Tick one of these boxes:

- Option 1: Demolish stands, grass bank
- Option 2: Repair stands and update facilities  
Takes the Council's preferred option
- Option 3: Repair stands, add extra uncovered seating
- Option 4: Repair stands, add extra seating, add community facilities  
Takes the Council's preferred option if a co-funding partner emerges
- Option 5: New East Stand, extended West Stand, new South Terrace
- Option 6: New East Stand, extended West Stand, new North Stand, new South Terrace
- Option 7: New Stadium
- Option 8: New Stadium with roof

## COMMENTS

Process needs to be now so repairs can start at the end of the rugby season & the project ready for 2019. TSB. Stand First.

Ordinary Meeting to hear submissions on the 2019/2020 Plan - List of Submissions received (526) and scanned copies

ADDITIONAL COMMENTS

THE DEBATE I DECIDED WHAT TO DO  
IS A THREAT TO THE RATE PAIDERS OF  
TARANAKI. IF YOU CANNOT STOP THE  
RATES BY AUGUST 2019 YOU MUST  
STOP CHARGING RATEPAYERS.

MY RATES ARE NOT ALLOWING ME TO  
ENJOY A FACILITY I PAY FOR.  
NO WHERE ELSE DO YOU PAY FOR  
SERVICES & GET NOTHING IN RETURN.

**What is your preferred option for the future of Yarrow Stadium?** 2: Repair stands and update facilities

**Comment (field will expand as required)**

After reading information received on the future Yarrow Stadium. I have come up with the following .

- \* Repair the East stand FIRST and get it up and running then do the West stand. As history usually shows that building always take longer to erect and cost more. So the sooner work is under the way the better.
- \* Attendance by matches could be increased by making the prices more reasonable. Think of a free day or bargain prices for early buyers.
- \* Look at trying to utilize the facilities more not only the buildings but the grounds. Talk to other sporting organizations, clubs etc. Could be a chance of extra income.
- \* Look how Tim Shadbolt turned Invercargill around. Think outside the square and make Taranaki buzz again.

I wish you all the best of luck with this project will be watching with great interest  
Regards Pamela McCarroll

**Comment (field will expand as required)**

Build an all weather multi-use international quality sports and entertainment facility at the NP race course site. Financing the project would include selling the Fitzroy golf club and Rugby Park. Shift horse racing to Hawera. Integrate the new facility with the Bowl of Brooklands and Pukekura Park. All facilities would then be within walking distance of the CBD and many current accommodations.

Only the most courageous, strongest, determined and most visionary of leadership would overcome the inevitable aggressive, self serving and narrow minded objections from a hundred plus Fitzroy golfers, another few hundred NP racing people and other self interest groups focused on there current personal interests and circumstances rather than the greater good of providing for future generations of many, many thousands of our citizens.

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 2: Repair stands and update facilities

**Comment (field will expand as required)** We need a multi sports facility as our current one is outdated. More people play other sports than rugby in Taranaki so it would be more beneficial for our community than upgrading Yarrow stadium to only house rugby. Council rejected a proposed update of tsb stadium recently & yet are willing to spend more money than that on yarrow stadium. I think it's only fair that we do some future proofing now for the sports facilities in New Plymouth

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 1: Demolish both stands, replace them with grassed banks

**Comment (field will expand as required)** The cost to the public for options 2-8 is too large for a single use facility that is used a handful of times a year for predominantly one sport. The TRC should have investigated the option of a multiuse sports facility that could be used by a much larger portion of the Taranaki population. In particular the New Plymouth area is very short of indoor stadium space for sports such as basketball, netball, volleyball, Futsal. All of these sports are growing in Taranaki while the number of junior Rugby players is rapidly decreasing yet we prioritise this sport over growing sports?

**Comment (field will expand as required)**

The priority for the community and for ratepayer expenditure is community sport facilities which enable thousands of residents to be active every week as identified in the Regional Sports Facility Strategy. Consultation regarding proposed enhancements has not been transparent or community-wide, evidence around decisions has not been provided, and the enhancements do not align with the Strategy or the current processes followed by sports for facility development. We support that a repair of some scale needs to be undertaken but require more detail of what is included in the \$36m is required and what scale of stadium is appropriate for the region now and into the future. We do not support the \$19m of enhancements which should be accounted for within the existing Asset Management Plan and/or via the Regional Facility Strategy process if sport-related. We feel strongly that there is a great need for an equitable approach to facility improvements and funding across sports

First name Robert Surname Lord

Organisation/group (if applicable)

Postal address (Please provide full postal address, including rural delivery and postcode)

11 Naahine Stratton Drive  
Sell Street  
New Plymouth Postcode

Phone (daytime) Mobile 0274332282

Email rob.lord@egmail.com

I wish to present my submission personally at a hearing scheduled for 13/14 May

Yes  No

Signed 

#### YOUR SUBMISSION

Note that your submission and any information you supply as part of it is considered public information and will be available in reports and documents relating to this process and will be published on our website, [www.tre.govt.nz](http://www.tre.govt.nz).

#### YARROW STADIUM

Which is your preferred option for the future of Yarrow Stadium?

Tick one of these boxes:

- Option 1: Demolish stands, grass banks
- Option 2: Repair stands and update facilities  
*This is the Council's preferred option*
- Option 3: Repair stands, add extra uncovered seating
- Option 4: Repair stands, add extra seating, add community facilities  
*This is a potential preferred option if a co-funding partner emerges*
- Option 5: New East Stand, extended West Stand, new South Terrace
- Option 6: New East Stand, extended West Stand, new North Stand, new South Terrace
- Option 7: New Stadium
- Option 8: New Stadium with roof

**Comment (field will expand as required)**

I support the strengthening of the stadium although I don't believe there's anything wrong with it just over zealous engineers how ever the powers that be must select their option then first apply to the " Provincial Growth fund "

At least 50% of the cost should be applied for I think this is the perfect fit for this fund Of tax payers money after all rate payers have built the stadium once.

The strongest case possible must be put up and then rate payers maybe pay and bank roll the project after that. This stadium has so much history so it must be maintained. I have been going there for 60 years right back to the late 50s shield era.

Ron

Nice to hear from you.

I can confirm the Vodafone Warriors would always be interested in travelling to New Plymouth and other regions around New Zealand, but in reality it comes down to the economics of doing so.

We need it to be financially robust enough for us to do so, and for this to happen we need to generate a gate of approximately 18-20,000 people therefore depending on the capacity of the stadium with appropriate corporate space I can confirm there would be interest.

Hopefully this assists with the decision making for the new stadium.

Regards  
Dave

Thanks Ron,

On behalf of any future Nitro Circus Live tours or other events we plan on bringing to NZ, we would definitely consider holding the show at the new stadium.

Good luck with the redevelopment and I look forward to seeing the end result.

**Comment (field will expand as required)**

I object to paying AGAIN for Yarrow Stadium. If New Plymouth people want the Stands replaced they should, 1. Hold accountable the people responsible for not building them properly the first time(only 17 years ago.) 2.Find Sponsors to cover much of the cost. 3.Have New Plymouth Council residents cover the rest of the cost.(after all New Plymouth people did not pay anything towards the Hub in Hawera)

**TARANAKI RUGBY FOOTBALL UNION (INC)**  
YARROW STADIUM | MARATAHU ST | PO BOX 5004  
NEW PLYMOUTH | TARANAKI | NEW ZEALAND  
P. +64 6 759 0167

5<sup>th</sup> April 2019

Annual Plan Submission  
Chief Executive  
Taranaki Regional Council  
Private Bag 713  
STRATFORD 4352

Dear Sir

**Yarrow Stadium Submission - Preferred option two with an upgrade to option four if funding allows**

Taranaki Rugby Football Union (TRFU) takes this opportunity to thank the Taranaki Stadium Trust (TST) and the Taranaki Regional Council (TRC) for providing Yarrow Stadium as the premier regional events centre to the public of the Taranaki region since 2003 through to December 2017. During this time the TRFU was a tenant at the facility in what was considered one of the best venues in New Zealand and an iconic stadium throughout the world.

Over this 15-year period, a Berl report completed in October 2018 estimates the total economic value to the Taranaki region of the Yarrow Stadium Regional facility was \$100M. Events at this regional facility over the same period have attracted 245,000 visitors to the Taranaki province and an estimated \$45-\$55M added to Taranaki GDP.

There is no argument that the Taranaki region needs a Regional Facility for a multitude of purposes. Hosting a significant variety of events, with the iconic Yarrow Stadium the jewel in the provinces' crown, provides a sense of pride to our region where the above noted economic value is testament.

The challenging position that the region now faces due to the earthquake prone issues with the east and west stands at the venue which have deemed the facility unfit to host significant events is frustrating and a serious detriment to the province. We have lost our ability to bring major events to Taranaki and to our 118,000 people. We require a collective 'Team Taranaki' approach to remedy this situation to ensure that we at least reinstate the facility back to previous capacity as a minimum to continue to attract these key public occasions.

The TRFU thank the TST and TRC for working within their limitations and providing option two where they are proposing to repair both stands and update facilities which the TRFU fully supports. The TRFU is also supportive of option four which is a repair of both stands, additional seating and community facilities that will provide the region with a true national convention centre if the extra funding for this option can be found.

Taranaki Rugby is in its 134<sup>th</sup> year of existence being the sixth oldest province in New Zealand, a foundation member of NZ Rugby and the sixth highest producer of All Blacks with 82. We are a not for profit organisation with the core purpose to foster and develop the game of rugby throughout our region across 19 affiliated rugby clubs, 13 secondary schools and 72 primary schools.

In 2018 the TRFU exceeded 7,000 registered rugby players for the first time in our history with over 2,000 of these women. Taranaki rugby is the fastest growing female sport in the region with an 11.7% increase in 2018. Participation rates in our region are the highest in the country with a population of 118,000, approximately 6% of the province play our game.

Taranaki Rugby also field a semi-professional team in the National Provincial Championship. The Yarrows Taranaki Bulls play in the Mitre 10 Cup, the premier domestic competition in world rugby and our home ground is Yarrow Stadium.

To foster the dream for a young child to play the national game, it is important to have pathways and role models to aspire towards. The Yarrows Taranaki Bulls had six All Blacks in 2018 – Beauden, Jordie & Scott Barrett, Waisake Naholo, Te Toiroa Tahuriorangi and Angus Taáva.

The Barrett brothers epitomise the pathway that Taranaki Rugby provides where we have three brothers growing up in the Pungarehu community, playing for the Coastal Rugby Club, attending Francis Douglas Memorial College, playing for Taranaki and becoming All Blacks.

It is important that the Yarrows Taranaki Bulls play at a premier regional facility to showcase our talent and inspire our region. 2014 is testament to this when the Taranaki Bulls won the Mitre 10 Cup final at Yarrow Stadium in front of a sold out 22,000 capacity crowd. This occasion, the sense of pride and achievement is vital to well being of the Taranaki Region and the aspirations of our people with a particular focus on our youth.

Yarrow Stadium is a significant and important piece of infrastructure that plays a major role in the region and the earlier we get it operating back to full capacity for the well being of the province, the better off we will be.

Currently there are no other viable options in the region to host these major events. From a rugby perspective there is TET Stadium in Inglewood, and the TSB Hub at Hicks Park in Hawera. Both are fantastic community facilities but not at the capacity required with minimum standard lux lighting for televised nights games, world rugby minimum standard changing facilities, 8,400 covered grandstand seats to accommodate the crowds and the lounges associated to service corporate partners.

Taranaki Rugby have a long association with the land that Yarrow Stadium sits upon which was previously Rugby Park. This land was owned and operated by the TRFU before it was gifted back to the community in 1999 to allow the Yarrow Stadium development. Taranaki Rugby is about lifting the opportunities for everyone that calls this place home and about creating an identity for the region and we believe this key iconic asset is critical to our affinity to the province.

Yarrow Stadium is the spiritual home of Taranaki rugby, steeped in history with the field and lighting world class. The reinstatement back to capacity with the proposed option two will ensure that the region can continue to host key events including club finals day, five to seven Mitre 10 Cup fixtures a year with the return of Super Rugby matches and All Black tests imminent.

The key events over the last fifteen years from the Crusty Demons and Nitro Circus, NRL and Warriors Rugby League matches, Phoenix football games, FIFA U20 World Cup, Rugby World Cup 2011, Mitre 10 Cup Rugby, Super Rugby and All Blacks matches play an integral part of this region creating a vibrant community where we all want to live, being Taranaki.

The television broadcasting of the above key events provides significant advertising of our region. Yarrow Stadium, with the famous Mount Taranaki as a backdrop, promotes the Taranaki province as a key destination for visitors. This exposure is vital to attracting and adding to the 245,000 people who have already made the journey to New Plymouth and Yarrow Stadium for an event. The night that the All Blacks played Argentina in September 2017 the television broadcast that went out across New Zealand, Australia, South Africa and the UK alone was to in excess of 1,000,000 viewers.

TRFU support option two in the first instance with an upgrade to option four if additional funding can be found. The earlier the work begins on Yarrow Stadium to bring this regional facility back to operation the better the wider province will be.

We thank you for the opportunity to submit on this matter and wish to present in person to our submission at the hearing scheduled for 13/14 May 2019.

Kind regards

ADDITIONAL COMMENTS

Be it arts, cultural or sporting, we must be able to put our hand up as a region and attract these events to showcase our region to the wider public

A multipurpose operating Yarrow Stadium capable of attracting world class events is a crucial part of the infrastructure needed to deliver these, be they All Black test matches Warriors games, Phoenix games, Conventions Expos and the like.

The economic value of having such a facility cannot be underestimated and I urge councillors to ensure the facility is returned and enhanced as soon as possible.

Any other decision which opposes this will consign the region to becoming a backwater, which low geographical isolation would only heighten the risks of this. Please don't allow this happen. Stand up for the region and be counted!

### YARROW STADIUM

Which is your preferred option for the future of Yarrow Stadium?

Tick one of these boxes:

- Option 1: Demolish stands, grass arena
- Option 2: Repair stands and update facilities  
This is the Council's preferred option
- Option 3: Repair stands, add extra uncovered seating
- Option 4: Repair stands, add extra seating, add community facilities  
This is a potential preferred option if a co-funding partner emerges
- Option 5: New East Stand, extended West Stand, new South Terrace
- Option 6: New East Stand, extended West Stand, new North Stand, new South Terrace
- Option 7: New Stadium
- Option 8: New Stadium with roof

**I wish to present my submission personally at a hearing scheduled for 13-14 May.** No

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 2: Repair stands and update facilities

Due to the earthquake prone issues with the east and west stands at the stadium has been frustrating for me as a regular user. It has meant that the stadium cannot be used to its fullest for Taranaki Rugby games and for club rugby. More importantly it has meant that Taranaki has lost the ability to bring major events to Taranaki.

**Comment (field will expand as required)**

The stadium must be reinstated so it has the same facilities as before if not better facilities. I support Option two with the repairing of both stands and update facilities. If the extra money can be found I also support option four which includes the repairing of both stands, additional seating and facilities.

**Local Government Funding Agency Scheme**

**I wish to present my submission personally at a hearing scheduled for 13-14 May.** No

### Yarrow Stadium

**What is your preferred option for the future of Yarrow Stadium?** 2: Repair stands and update facilities

**Comment (field will expand as required)** I support the rebuilding of Yarrows Stadium to what is was before being condemned. All cities need a facility such as this to attract major sporting events which help local business. I am happy for it to be used by all sporting codes as required for major events. Taranaki people love their sport and we would be all the poorer for not have this facility.

### Local Government Funding Agency Scheme

**Tick if you also wish to submit on the Council's proposal to join the Local Government Funding Agency Scheme** No

**Are you in favour of the Council's proposal to join the Local Government Funding Agency Scheme?**

**Comment (field will expand as required)**

**I wish to present my submission personally at a hearing scheduled for 13-14 May.** No

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 1: Demolish both stands, replace them with grassed banks

**Comment (field will expand as required)** I would rather this funding was used to develop a multi-sport centre in a better location. This could be used by a greater variety of sporting codes, more often and with a much larger capacity. However, I am not able to choose this as an option. I have chosen option 1 as it is the cheapest and I don't think it is a good use of ratepayers money to spend upwards of \$55 million to repair/upgrade an out of date facility.

## YARROW STADIUM

Which is your preferred option for the future of Yarrow Stadium?

Tick one of these boxes:

- Option 1: Demolish stands, grass banks
- Option 2: Repair stands and update facilities  
*This is the Council's preferred option*
- Option 3: Repair stands, add extra uncovered seating
- Option 4: Repair stands, add extra seating, add community facilities  
*This is a potential preferred option if a co-funding partner emerges*
- Option 5: New East Stand, extended West Stand, new South Terrace
- Option 6: New East Stand, extended West Stand, new North Stand, new South Terrace
- Option 7: New Stadium
- Option 8: New Stadium with roof

## COMMENTS

The proud history and legacy of Taranaki rugby and the community that have supported them for decades deserve a fit-for-purpose stadium close to their greatest support base and relatively affordable for ratepayers over time.

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 1: Demolish both stands, replace them with grassed banks

**Comment (field will expand as required)**

A small stadium which has quality changing rooms and offices would suit our city. One where 15,000 would be maximum and the crowd would be close to the field which would always feel full no matter how well the team is performing. If they are going well it would be the hottest ticket in town! Many club grounds in and around Europe are like this and if you want to watch the international side you have to travel not build a stadium that will see a test once every 10 or so years. Keep the cost down and get the community behind the project and team. Let's be different than the rest!

### YARROW STADIUM

Which is your preferred option for the future of Yarrow Stadium?

Tick one of these boxes:

Option 1: Demolish stands, grass banks

Option 2: Repair stands and update facilities

- this is the Council's preferred option

Option 3: Repair stands, add extra uncovered seating

Option 4: Repair stands, add extra seating, add community facilities

This is a potential preferred option if a co-funding partner emerges

Option 5: New East Stand, extended West Stand, new South Terrace

Option 6: New East Stand, extended West Stand, new North Stand, new South Terrace

Option 7: New Stadium

Option 8: New Stadium with roof

**COMMENTS.**

We support option two. A fully functioning Yarrow Stadium is essential to the well being of the Taranaki province.

As you well know and the BERL report indicates Taranaki is now developing a three pronged economic background:

- Agriculture and horticulture
- Petrochem
- Tourism

Directly or indirectly Yarrow Stadium impacts on all three and the sooner the stadium is available again the better.

Please get on with it without any further delay.

ADDITIONAL COMMENTS

I fully support option 2. Taranaki Rugby needs to have 8500 covered capacity. If the stadium is not repaired to its former self and improved we will never see another All Black game in Taranaki or for that matter a Super Rugby game. The whole province will be economically poorer. Its not just about rugby its also all the businesses ie:hotels, motels food providers, fuel providers, tourism providers.

Lined area for additional comments, currently empty.

### Have your say

#### Tell us what you think

You can have your say online, by email or through the post. And if you want to, you can come along and explain your views personally to Councillors.

All submissions will be carefully considered before final decisions are made.

If you want more information, see the Annual Plan Statement of Proposal at [www.trc.govt.nz](http://www.trc.govt.nz), or you can inspect a copy at the Council office at 47 Cloten Road Stratford, or at District Council service centres or libraries. You can also call us on 0800 736 222.

#### Making a submission

Submissions must be received by 4pm on Tuesday 23 April (Tuesday after Easter).

Online: [www.trc.govt.nz](http://www.trc.govt.nz)

Email: [info@trc.govt.nz](mailto:info@trc.govt.nz) ('Annual Plan submission' in subject field)

Post: Annual Plan Submission  
Chief Executive  
Taranaki Regional Council  
Private Bag 713  
STRATFORD 4352

(The attached submission form can be used for postal submissions.)

#### What happens next?

Submissions open: 18 March 2019

Submissions close: 23 April 2019

Hearing of and deliberation on submissions: 13/14 May 2019

Adoption of 2019/2020 Annual Plan: 21 May 2019.

2019/2020 Annual Plan becomes operative: 1 July 2019.

**Yarrow Stadium**

**What is your preferred option for the future of Yarrow Stadium?** 2: Repair stands and update facilities

**Comment (field will expand as required)**

The Inglewood United Rugby Football Club Inc. has considered the eight options proposed for the reinstatement of Yarrow Stadium to comply with earthquake safety standards. The Club supports the proposal presented by Option 2 above. Yarrow Stadium is a significant and important piece of infrastructure that plays a major role in the Region. It is the spiritual home of Taranaki Rugby, steeped in history, and the pride of the province. Its reinstatement with the proposed Option 2 will ensure that the Region can continue to host key rugby events at local, provincial, "super rugby" and international levels. The earlier work begins to bring the Stadium back to full capacity the better the wider province will be. While IURFC supports Option 2 in the first instance, it also offers support for Option 4 if additional funding for this proposal can be found.
