

## STATEMENT OF PROPOSAL: SCHEDULE OF CHARGES PURSUANT TO SECTION 36 OF THE *RESOURCE MANAGEMENT ACT 1991*

The Taranaki Regional Council is fixing its 2020/2021 administrative charges pursuant to section 36 of the *Resource Management Act 1991*. As part of this process, the Council is undertaking a special consultative procedure (refer section 83 of the *Local Government Act 2002*).

These administrative charges are fixed annually to recover the Council's actual and reasonable costs when undertaking work for external users under the *Resource Management Act 1991*. The Schedule of Charges fixes charges in the following areas:

- Schedule 1: Scale of charges for staff time
- Schedule 2: Fixed minimum charges for the preparation or change of policy statement or plans and the processing of resource consents
- Schedule 3: Scale of charges for the use of plant
- Schedule 4: Fixed minimum charges for laboratory analyses
- Schedule 5: Fixed initial annual monitoring deposit charges for activities with tailored compliance monitoring programmes 2020/2021
- Schedule 6: Fixed minimum charges for monitoring farm dairy discharges
- Schedule 7: Fixed minimum charges for monitoring instream structures where no tailored compliance monitoring programme exists
- Schedule 8: Fixed minimum charges for monitoring where no tailored compliance monitoring programme exists
- Schedule 9: Charges for those requesting hearing commissioners.

The fixing of charges process provides an opportunity to provide views on the proposed 2020/2021 administrative charges pursuant to section 36 of the *Resource Management Act 1991*. The Council looks forward to receiving your comments, feedback and submissions on this statement of proposal by 4.00pm on Monday 22 June 2020. Councillors and management are available to answer any questions or to discuss any of the proposals contained within this proposal.

Q. How do I make a submission to the Council?

A. Write a submission and send it to:  
2020/2021 Schedule of Administrative Charges Submission  
The Chief Executive  
Taranaki Regional Council  
Private Bag 713  
STRATFORD

Submissions can also be made on-line at [www.trc.govt.nz](http://www.trc.govt.nz). Your submission must arrive by 4.00pm Monday 22 June 2020. Please include your telephone number. The Council will be hearing submissions on Tuesday 30 June 2020, and if you wish to appear in person in support of your submission, please indicate this in your submission.

Q. Do I have to come and speak to my submission?

A. No. It is entirely up to you. You will be most welcome, but if you decide not to attend the meeting, your written submission will be given full consideration.

Q. Will the hearing be very formal?

A. No. Council members will have read your submission beforehand and have it with them; the Chairperson will invite you to expand on it.

Q. Who can I contact at the Council offices to discuss the Schedule of Administrative Charges?

A. You are welcome to call at the Council's offices at Cloten Road, Stratford, or phone (06-765-7127) and discuss the schedule of charges with any of the following Executive Staff:  
Basil Chamberlain (Chief Executive)  
Gary Bedford (Director—Environment Quality)  
Stephen Hall (Director—Operations)  
Fred McLay (Director—Resource Management)  
Mike Nield (Director—Corporate Services)

## Resource Management Act Charging Policy

### Schedule of charges pursuant to section 36 of the Resource Management Act 1991

#### Schedule 1: Scale of charges for staff time

	Rate for processing resource consents and responding to pollution incidents.	Rate for all other Council work.
Professional staff	\$95/hr	\$90/hr
Professional/supervisory staff	\$120/hr	\$112/hr
Managers	\$174/hr	\$163/hr
Support staff	\$95/hr	\$90/hr
Directors	\$290/hr	\$270/hr

#### EXPLANATION

This scale of charges is used to calculate the Council's actual and reasonable costs when carrying out functions under the *Resource Management Act 1991*, including any functions transferred to it under section 33. Where those actual and reasonable costs exceed any specified charges, the Council may recover those costs as additional charges under section 36(3) of the *Resource Management Act 1991*. Staff time is recovered at the charge appropriate to the task which they are undertaking. The charges are calculated as per the IPENZ method with a multiplier of 2.1. All collection costs incurred in the recovery of a debt will be added to the amount due. Overdue invoices will incur an interest charge at 12% per annum. All charges exclude GST. Effective from 1 July 2020.

#### Schedule 2: Fixed minimum charges for the preparation or change of policy statement or plans and the processing of resource consents

Transfer of consent to another party or change of consent holder name (6 to 20 consents)	\$80 per consent
Transfer of consent to another party or change of consent holder name (more than 21)	\$64 per consent

#### EXPLANATION

Applicants, in accordance with Council policy, are required, where necessary, to pay all actual and reasonable charges for staff time, consultants, cultural and other experts, legal, hearing costs (including legal, administration, hearing commissioners (and disbursements and councillors acting as hearing commissioners costs), plant and laboratory analyses where these costs exceed the fixed minimum charges set out in Schedule 2. The above charges include those arising from any functions transferred to the Council under section 33 of the *Resource Management Act 1991*. Where independent commissioners are requested by submitters, these additional costs will be recovered from the applicant and reimbursed after collection from the submitter under Schedule 8. All collection costs incurred in the recovery of a debt will be added to the amount due. Overdue invoices will incur an interest charge at 12% per annum. All charges exclude GST. Effective from 1 July 2020.

### EXPLANATION

This scale of charges is used to calculate the Council's actual and reasonable costs when carrying out functions under the *Resource Management Act 1991*. Where those actual and reasonable costs exceed any specified amounts, the Council may recover those costs as additional charges under section 36(3) of the *Resource Management Act 1991*. The use of materials stored in the spill response trailer and/or used in spill response will be recovered from the spiller on an actual and reasonable basis. All collection costs incurred in the recovery of a debt will be added to the amount due. Overdue invoices will incur an interest charge at 12% per annum. All charges exclude GST. Effective from 1 July 2020.

### Schedule 4: Fixed minimum charges for laboratory analyses

The Council has engaged a contract laboratory, RJ Hill Laboratories Ltd, to undertake the Council's regular sample analysis. Pricing of analysis is set out in the Council's contract with the supplier, these negotiated prices are subject to commercial sensitivity and therefore are not published in detail in this schedule. The Council's approach to calculating laboratory analysis charges is to use the original contract pricing with the application of a handling cost (of \$4.43) per analysis method which provides for the time required to coordinate and maintain this service. Total costs of analysis including the adjustment will be made available on request. An explanation of the methods used for laboratory analyses is available on request.

### EXPLANATION

This schedule sets out the Council's approach to recovering actual and reasonable costs of laboratory analysis when carrying out functions under the *Resource Management Act 1991*. Where those actual and reasonable costs exceed the fixed charges in this schedule, the Council may recover those costs as additional charges under section 36(3) of the *Resource Management Act 1991*. An explanation of the methods used for laboratory analyses is available on request. All collection costs incurred in the recovery of a debt will be added to the amount due. Overdue invoices will incur an interest charge at 12% per annum. Charges exclude GST. Effective from 1 July 2020.

#### EXPLANATION

The Council's fixed initial deposit charges for activities with tailored compliance monitoring programmes, excluding that for the NES for plantation forestry, are presented in various groups based on the nature of the activity and/or type of industry. Any additional actual and reasonable costs over and above the initial fixed deposit charge will be charged in arrears.

For new tailored compliance monitoring programmes or inclusion of new consents into existing programmes (that arise between the setting of these charges and the end of the financial year that they relate to), an estimate will be provided to the consent holder and compliance monitoring work charged according to this. Where no estimate is provided, compliance monitoring costs will be recovered per Schedule 6, 7 and 8 of this Plan.

Additional charges may be levied under section 36(5) of the *Resource Management Act 1991* where the Council's actual and reasonable costs exceed the fixed monitoring charge. See the scales of charges for staff time, consultants, plant and laboratory analyses set out in Schedules 1, 3 and 4. The above charges include those arising from any functions transferred to the Council under section 33 of the *Resource Management Act 1991*. All collection costs incurred in the recovery of a debt will be added to the amount due. Overdue invoices will incur an interest charge at 12% per annum. All charges exclude GST. Effective from 1 July 2020.

## CHARGES FOR MONITORING UNDER THE NATIONAL ENVIRONMENTAL STANDARD FOR PLANTATION FORESTRY

With reference to regulation 106 of the *National Environmental Standards For Plantation Forestry 2017* (NES), the Council sets the following charges under section 36(1)(cc) of the *Resource Management Act 1991* for monitoring permitted activities authorised under regulations in the NES that address earthworks, river crossings, forestry quarrying and harvesting.

The NES applies to commercial forest blocks of more than one hectare. The charges set out below will be applied to the Council's monitoring of these activities. Explanation about the monitoring charges is included within the description of the charges and at the end.

### NOTIFICATION OF HARVESTING AND PRE ACTIVITY MONITORING

Earthworks and quarrying notification under regulations 25 and 52 have a minimum notification period of 20 working days. Notification will involve some work for the Council and allows the Council to plan for any compliance monitoring, including any pre earthworks/harvest in-stream macroinvertebrate survey (\$1,986 per survey) monitoring by a freshwater biologist, if stream conditions provide for it.

### HARVESTING

The first inspection, with the earthworks plan available, will be used for discussion with the operator about how the regulations in the NES would be met.

Inspection (includes travel time, inspection and notification work) and sampling will be undertaken under:

- a) regulation 33 which requires roads, tracks and landings to be managed and aligned to divert water runoff to stable ground and away from areas of constructed fill, and to minimise disturbance to earthflows and gullies
  - b) regulations 26 and 65 associated with sediment management
  - c) regulations 28 and 55 addressing accelerated erosion, stream obstruction, or diversion of water flow
  - d) regulations 31, 56, and 67 addressing sediment and stormwater controls
  - e) regulations 36-46 for river crossings (fish passage, effects on other structures, erosion and sediment control and discharges)
  - f) regulations 32 and 55 regarding site stabilisation
  - g) regulation 58 regarding quarrying
  - h) regulation 68 regarding restrictions on how harvesting can occur, on any riparian margin or adjacent to water bodies.
- \$898 per inspection (8 hours)
  - \$110 per each upstream or downstream sample for colour, turbidity, and suspended solids, if stream conditions are appropriate.

## POST HARVESTING

Inspection(s) to ensure all the relevant NES requirements have been met, especially removal of stream structures, stabilisation, silt and sediment control, and slash and debris placement will occur. Includes travel time, inspection and notice:

- \$2,080 per survey for a post-harvest in-stream macroinvertebrate survey by a freshwater biologist, if stream conditions provide for it
- \$898 per inspection (8 hours).

### EXPLANATION

This section of the schedule sets out the charges for inspections and sampling to address activities under the NES. The number of inspections and sampling required per forest will vary depending on size and once monitoring is undertaken, the degree of compliance with the regulations. Non-compliance with regulations will result in additional inspections and/or sampling to ensure compliance has been achieved.

It is envisaged that a moderate-sized and above forest would get one harvest inspection, a monthly inspection during harvesting and a post-harvest inspection, depending on compliance. Each moderate to large forest would also receive at least one harvest and post-harvest in-stream macroinvertebrate survey by a freshwater biologist if stream conditions provide for it.

Harvest inspections would be monthly as a minimum and may also include water quality sampling. If inspections take less than a day inclusive of equipment preparation, travel, on-site time, post-visit recording, issue of inspection notices, and any follow-up discussions to confirm details and accuracy of records, then some remission of the charge will occur.

Additional charges may be levied under section 36(5) of the *Resource Management Act 1991* where the Council's actual and reasonable costs exceed the fixed monitoring charge. See the scales of charges for staff time, macroinvertebrate sample processing, and laboratory analyses are set out in Schedules 1, 3 and 4. All collection costs incurred in the recovery of a debt will be added to the amount due. Overdue invoices will incur an interest charge at 12% per annum. All charges exclude GST. Effective from 1 July 2020.

### Schedule 6: Fixed minimum charges for monitoring farm dairy discharges

The fixed charges for farm dairy discharge compliance monitoring inspection and sampling are set out below:

- Discharge to land consent: \$365
- Discharge to water, no sampling: \$265
- Discharge to water consent, including sampling discharge and receiving environment: \$880
- Discharge to land and water consent, including sampling discharge and receiving environment: \$949
- Discharge to land and water consent, no sampling: \$420
- Discharge to land by contactors under regional consents: \$850

Where non-compliance is detected the following additional monitoring re-inspection and sampling fixed charge may apply:

	Minor Non-compliance	Significant Non-compliance
Discharge to land or water consent, no sampling	\$794	\$1,465
Discharge to water consent, including sampling and reinspection	\$1,058	\$1,730

#### EXPLANATION

The above fixed minimum charges for the annual farm dairy discharge compliance monitoring inspection and re-inspection, both including sampling, are based on actual and reasonable charges for staff time (Professional Staff, Schedule 1) and laboratory analyses (Schedule 4). The above fixed minimum charges for monitoring, re-inspection and sampling after non-compliance with resource consent conditions or the *Resource Management Act 1991*, whether this arises from the annual inspection or not, are based on actual and reasonable charges for staff time (Professional Staff, Schedule 1) and laboratory analyses (Schedule 4).

Each farm dairy discharge non-compliance will be assessed in the context of the consent granted and compliance history of the consent. Significant non-compliance activities are non-compliances that will have actual or potential effects on the environment. Examples of a minor non-compliance are deficient baffles between ponds, minor failure to contain shed/race effluent and washings where these discharge to land, and stormwater diversion system deficient. Examples of significant non-compliance are ponding of effluent on the soil surface (unauthorised by resource consent), breach of discharge standards required in the resource consent, inadequate effluent storage and land area, significant increase in stock numbers beyond those allowed in the consent, and an inadequate effluent system. The above are examples and it should be noted they do not represent a complete list of non-compliances.

Additional charges may be levied under section 36(3) of the *Resource Management Act 1991* where the Council's actual and reasonable costs exceed the fixed monitoring and non-compliance charges. An example is a significant non-compliance for a discharge to land farm dairy discharge consent where sampling costs of the discharge and receiving water may be required. See the scales of charges for staff time, consultants, plant and laboratory analyses set out in Schedules 1, 3 and 4. All collection costs incurred in the recovery of a debt will be added to the amount due. Overdue invoices will incur an interest charge at 12% per annum. All charges exclude GST. Effective from 1 July 2020.

#### Schedule 7: Fixed minimum charges for monitoring instream structures where no tailored compliance monitoring programme exists

The fixed charge for a regular compliance monitoring inspection, that is not addressed in Schedule 5 or 6, is \$350 per inspection.

The fixed charge for a compliance monitoring re-inspection arising from non-compliance detected in an inspection, that is not addressed in Schedule 5 or 6, is \$370.

For the monitoring of instream structures the key consent condition is the maintenance of fish passage which can, in most cases, be accomplished via an inspection. More than one consent could be monitored during the daily inspection round. In such cases, the Council will scale the monitoring charge according to the instream structures monitored.

#### EXPLANATION

The above fixed charges for compliance monitoring inspections and re-inspections are based on staff time for Professional Staff (Schedule 1). Additional charges may be levied under section 36(3) of the *Resource Management Act 1991* where the Council's actual and reasonable costs exceed the fixed monitoring charge. See scales of charges for staff time as set out in Schedule 1. All collection costs incurred in the recovery of a debt will be added to the amount due. Overdue invoices will incur an interest charge at 12% per annum. All charges exclude GST. Effective from 1 July 2020.

#### Schedule 8: Fixed minimum charges for monitoring where no tailored compliance monitoring programme exists

The fixed charge for a regular compliance monitoring inspection that is not addressed in Schedule 5 or 6 is \$320 per inspection plus any additional plant or laboratory analyses costs as set out in Schedules 3 and 4.

The fixed charge for a regular compliance monitoring re-inspection arising from non-compliance detected in an inspection that is not addressed in Schedule 5 or 6 is \$356 per inspection plus any additional plant or laboratory analyses costs as set out in Schedules 3 and 4.

For the monitoring of some resource consents, it is not possible to predesign a monitoring programme, or to apply a fixed charge. This may be because the consent is exercised irregularly or the scale of the consented activity varies unpredictably. In such cases, the Council will scale the monitoring programme according to the activity and charge for reasonable inspection time, sample analysis and equipment hire as set out in Schedules 1, 3 and 4. This approach will be applied to monitoring of consents such as those associated with well-sites, hydraulic fracturing, forestry, construction of pipelines/highways/other roading projects and other temporary earthworks.

## EXPLANATION

The above fixed charges for compliance monitoring inspections and re-inspections are based on staff time for a Professional Staff (Schedule 1). Additional charges may be levied under section 36(3) of the *Resource Management Act 1991* where the Council's actual and reasonable costs exceed the fixed monitoring charge. See scales of charges for staff time, consultants, plant and laboratory analyses set out in Schedules 1, 3 and 4. The above charges include those arising from any functions transferred to the Council under section 33 of the *Resource Management Act 1991*. All collection costs incurred in the recovery of a debt will be added to the amount due. Overdue invoices will incur an interest charge at 12% per annum. All charges exclude GST. Effective from 1 July 2020.

### Schedule 9: Charges for those requesting hearing commissioners

Any submitter making a request, under section 100A of the *Resource Management Act 1991*, shall be required to pay the additional cost of having the application heard and decided by independent commissioners as reasonably determined by the Council using costs set out in Schedules 1 and 2.

## EXPLANATION

For a notified resource consent application a submitter may request that the Council delegate its functions, powers and duties required to hear and decide the application to one or more independent hearing commissioners. Section 36 (1)(ab) of the *Resource Management Act 1991* allows the Council to estimate the additional costs, as if the request had not been made, and immediately invoice the requestor(s) for this additional cost. Where more than one submitter makes a request the costs may be shared equally. If the additional cost of independent hearing commissioners is less than the payment then a refund will be made. Schedule 1 sets out the Council's scale of charges for staff time and Schedule 2 sets out the fixed minimum cost of processing resource consent applications and includes hearing costs. All collection costs incurred in the recovery of a debt will be added to the amount due. Overdue invoices will incur an interest charge at 12% per annum. All charges exclude GST. Effective from 1 July 2020.
