

## Public notice – rating information database

The Taranaki Regional Council's rating information database records all information required for setting and assessing rates on properties within the region. For each rating property, this includes its valuation and any categories that belong to that property that are used to charge separate targeted rates.

This database is available for public inspection. It includes the physical street address of the property but does not include the names or postal address details of property owners who requested this information to be withheld from the database.

While offices remain closed to the public under the Level 4/Level 3 pandemic response, email [info@trc.govt.nz](mailto:info@trc.govt.nz) if you wish to inspect the Taranaki Regional Council's rating database.

When our offices reopen to the public, the Council's rating database can be inspected at the **Taranaki Regional Council's offices, 47 Cloten Road, Stratford**, ph 06 765 7127, or at the relevant District Council office during business hours:
